The Springfield game was varied by an encounter between Pitcher Gruber and Manager Burns. The Ponies' errors lost them the game to Buffalo, but the result does not change the position of either club. That Rochester was the winner of the argument at Athletic Fark may be ascribed to the fact that the Barons' only available pitcher was Johnson, who had already pitched two ; games this week, and in one inning early in the game the Blackbirds hit him for four earned runs and so won out. LOST IN ONE INNING.

Rochester Earned Four Runs in the Third and Meaney Was Put in Box to Duel with Weyhing.

The Earons made four runs in the first three innings yesterday, but Dan Shannon's Blackbirds after getting an unearned tally in the first chapter batted out four in the third and won the game. They cinched the argument in the fifth on errors by Ward and O'Brien after two were out.

Monney's home hit over center field fence was the only invigorating feature of the game.

The result might have been in the Barons favor had Meaney been put in the sox at the start, but Johnson, who had already pitched two games this week, pitched and the outcome was what might have been expected. He was hit five times for seven bases in the third inning and retired, Meaney replacing him and Outcalt going to center. There after Wehing, who early in the game had appeared to be an easy mark, and Meaney settled down to hard, steady work and the entertainment was list less and uninteresting. However, in the lifth, after two were out, the monot ony was broken by the errors of Ware and O'Erien, which, with two singles let in two runs which were presents.

He missed it and Beard came home, Mulvey reaching third and scoring on Ward's fumble of Dooley's grounder.

After the third the Barons went down one-two-three in the fourth, sixth, seventh and ninth. In the fifth with two out Meaney tripled but Ward flew out to Mulvey. In the eighth with two out Ward got a walk, O'Brien and Eagan fouled out.

After the third, with the exception of the fifth inning, the Blackbirds had smal chance of increasing their lead.

TROUBLE AT SPRINGFIELD.

Gruber, the Released Pitcher, Attempted to Strike Manager Burns. Springfield, June 19 .- The Buffalos defeated the Springfields at Hampden park today in a well played game Gruber, who, because of his inexcusable poor work for some weeks was released by the management last evening, appeared in the grand stand from which

he was ordered by Manager Burns. Refusing to go. Mr. Burns sent up an officer who removed him. Passing from the grandstand Gruber stopped to speak to Burns, and then struck him. He later returned to the stand and stayed the game out. Score:

NATIONAL LEAGUE.

By Cleveland's defeat by Chicago and the Orioles' victory over Philadelphia, Cleveland loses its grip on first place and the Orioles attain the coveted po-sition. The St. Louis Browns could get but three hits off Killen, the Pirate pitcher, and were shut out. The bride-grooms and Giants played a hard and errorless game, the former winning by one run. The Senators did some timely hitting and won from the Beancaters.

Captain Tebeau and Umpire Lynch had a wrangle over a close decision at first in the seventh inning. During the dispute wanted to fight. NEW SCRANTON PLAYERS

Pitchers Esper and Corbett and Catcher Bowerman, of the Baltimores, Have Been Secured.

Manager Griffin has secured Scranton Pitchers Esper and Corbett and Catcher Bowerman of the Baltimores. One of the two pitchers, probably Esper, is expected to reach here early today and the other will report before the club starts on the trip tomorrow noon. Bowerman recently hurt his hand in practice and may not report

Baltimore won 10 and lost 12 games with Esper in the box last year. He gin but which was increased by the pitched the only game won by Baltimore in the Temple Cup series with 2 Beard singled, Mulvey drove a liner to Cleveland, holding the Reds down to team and when not in the box will proright for one base. O'Brien started to five singles and not having a pitching bably take turns in right field. error recorded against him. That was one of the most remarkable pitching feats of the season. He ranked fourteenth among the forty-five pitchers in the league who pitched fifteen or more games. Once this year he held Cleve-

land down to four hits.

Corbett, who is a brother of Corbett, the pugilist, is one of the seven pitchers who have been carried by Baltimore since the season opened. He pitched two or three National games and showed himself strong enough for National company. At no time has the management thought of Baltimore loaning him until now, when it is certain that the old and tried pitchers on the Oriole staff are in shape to finish the season.

catcher of the first water. Baltimore would have used him to relieve Robinson occasionally but for Bowerman's lack of knowledge of the big league's hitters.

In addition to the three National players, the Barons will probably be strengthened by Monday by the presence-on the team of a minor league player who is considered one of the best men in the business in his particular position, but who has been prevented by peculiar circumstances from being obtained by several clubs who wanted him badly.

This afternoon's game with Syracuse will probably attract a large attendance. The Barons and the Stars have each a game to their credit in the present series and today's game will be the decisive game. If Brown returns from Baltimore or if Esper reports in time for the game the probability is that the Stars will lose, as they are easy victims for a south-wing. Harper is the only pitcher available if neither of the other two report. He has pitched twice this week, which may reduce his chances of winning, but he is a player who takes the best of care of himself and if he is in condition to do as well as he did against the Stars Thursday they will cease to twinkle.

Catcher Patchen Has Skipped the Carbondale Base Ball Team.

Special to The Tribune. Carbondale, June 19.—The Carbondale base ball team left town today with the exception of Pitcher Jack Luby and Catcher Patchen. For personal and other reasons these two players preferred to remain behind and will hereafter be unable to play in any league

R.H.E. forms for the game. They were given

evidently intended to skip the club together. Rumors that they would leave spread abroad and Proprietor Williams, of the Wall street hotel, had Luby arrested. It seems Luby and his wife boarded at the hotel last winter and this spring had a board bill amounting to nearly \$300. Luby gave Mr. Williams orders on his salary, and it was because the directors of the association honored them that Luby kicked. The salary did not cover the entire bill, however, and so Mr. Williams had the warrant is-

DIAMOND DUST.

The summary of the series with Roches-ter, out of which the Barons lost two games is as follows:

Rochester 11 Scranton 9 The Barons have but one postponed game to play and that is at Providence.
All night debauchery is not conducive to good base ball playing. It might be remarked that at least one Scranton player can testify to the truth of this statement.

Jack Horner pitched his first game for Bangor Wednesday. Pawtucket made ten hits and Bangor eight, and the former won the game chiefly through Bangor' nine errors.

Baltimore, June 19 .-- Pond, the Baltimore pitcher, sprained his knee in running bases in the second inning in today's game with Philadelphia, but gamely resumed play and held the Phillies down to nine scattered hits.

The team leaves Sunday afternoon via he Jersey Central and Lehigh Valley roads for fighters. The school de provides for two games in that city beginning Mon-

day and then Toronto, Rochester and Syracuse in the order named.

Today is the last game at Athletic park until Thursday, July 2, when begins a series with Wilkes-Barre. The games will be as follows: At Scranton, July 2; at Wilkes-Barre, July 3; at Scranton, July 4, a. m.; at Wilkes-Barre, July 4, p. m. Then Providence and Springfield will be here for two games cach before the Barons go East en a one week trip.

With a sufficient number of pitchers, official repair shops, etc.

with a sufficient number of fitters; there is no good reason why the Barous shouldn't be further up in the race. Team work has improved since "Sandy" Griffin took the helm, and the players individually seem to put more heart and spirit into their work. A "lusher" on the team is a bad example, however, and will undo in one minute more than a manager can do in two. If a player with cobwebs an his brain earns his salary he is an exception to a rule.
"If Arlie Latham is not fast enough for

Scranton, for goodness sake what is he good for," says the Syracuse Courier, What's he good for? "Arlie Latham stole five bases yesterday!" That's what the Courier man wrote, and seems to be a very pertinent answer to his own question It might be asked while we are talking about third basemen, for goodness sake what is Charlie Reilly good for? Hildebrandt's Latest. J. H. Bildebrandt, of Johannesburg, South Africa, is disposed to ignore Fitzsimmons' claim to championship distinction on the ground that Corbett, having beaten Sullivan, who won his title in the orthodox London prize ring style, is in reality the only recognized champion of America. Mr. Hildebrandt is anxious to promote another fight under the old rules governing championship battles, and offers to back an unknown against Corbett for \$5,000 or \$10,000 a side. Recently he called at the Police Gazette office and deposited \$1,000 forfelt to make a match with bare knuckles for the championship of the world, to take place in South Africa six months from the time of signing articles. The challenge will remain open for thirty days, and if Corbett does not accept, the unknown will be named and the championship claimed for him.

Corbett Will Not Fight in England. Fan Francisco, June 19 -It has leaked out that Corbet had race ved word from William A. Brady that it would be impossible for him to arrange a match in England with Fitzsimmons or Jackson.

board on false pretenses, and as he Since P. S. Collins accepted the appointment of secretary-treasurer of the Pennsylvania division of the League of American Wheelmen one of his pet schemes has been for an improvement in the present method of giving road information to members. The present division book is by far the most complete collection of information concerning the roads of Pennsylvania, and one of the best books of the kind ever pub lished, but it has been Mr. Collins' idea to give each member detailed information concerning the roads in his par ticular territory instead of information less in detail regarding the state as a whole. The idea was at once indorsed by the balance of the executive com mittee, and the plan is now in a fair way to be carried out.

Arrangements have just been 'com pleted whereby a set of four books, to cover the various sections of the state, are to be gotten out by next spring under the direction of Frank H. Taylor., and one of these books will be sent to every new member and also to those who renew their membership.

INCLUDES NEW JERSEY DISTRICT The four books are to cover respec tively the northeastern part of the state; a territory within a radius of 100 miles of Philadelphia, including the New Jersey riding district; the central section and that territory west of the Allegheny mountains. Each book will contain a new colored map, drawn on a large scale, which will show the material and condition of every road in the district covered, as well as numerous smaller maps of special sections, which will be embodied in the next. books proper will not only give detaileddirections for traversing every road in

bers, official repair shops, etc.

To make the information complete and accurate Mr. Taylor, who will be assisted by Chairman Randall, of the road book committee, will put in the entire summer in gathering the necessary data, and the more important districts will be covered by him awheel. Each

local consul will also be called upon to make a report of the roads in his particular territory, and in this way much additional information will be secured. When completed the books will probably be the most complete collection of road data ever published to cover a large state, and ought to prove a valuable means of increasing membership in the organization.

FOR LOCAL RIDERS.

It is undoubtedly a fact that the vast majority of riders do not ride more than a hundred miles from their homes once a year, and for this reason detailed in-The Populars, of Taylor, will picnic at formation concerning the territory in Weber's park today.

This book will contain about fifty or seventy-five favorite through tours arranged somewhat similar to the present road book Such tours as down the Shenandoah valley, to Lake George, Boston, Chicago, Washington, etc., will be given, and it is proposed to give the members the option of this book or sell it to them at a low price. The entire new series, which will be known as the "Pennsylvania Division Road Library," will be the best publication of the kind ever published by the league. It is calculated that they will be ready for dis-

tribution by March 1.
